

SONOMA FORGE DESIGNER FAUCETS

Point-Of-Use Faucets

Sonoma Forge introduces point-of-use (POU) faucets for the kitchen or bar that complement our faucets with our popular LBO (elbow) spout and GN (gooseneck) spout designs. These "POU" faucets are compatible with all the major brands of hot water dispensers, water chillers and water filtration systems.

Models will include hot & cold, hot-only, and cold-only, as shown below. Available in the two spout styles in all of our standard finishes. Shown with gooseneck spout, in Satin Nickel.

Products made in America.
