CiXX Premium Designer Faucet From Sonoma Forge Bucks Modern Trend

With the blacksmith's original hammer marks, its rustic style exudes rugged authenticity

(Petaluma, CA, August 29, 2017) Hand forged in solid brass or stainless steel, each piece in Sonoma Forge's **CiXX Collection** is one of a kind. Pronounced "six," the rustic designer faucets, shower systems and coordinating accessories show the original hammer marks of the blacksmith on real metal with real muscle. CiXX aims to carve out a unique niche in today's modern-leaning design market.

Vividly distressed surface texture gives CiXX a distinctive style that brings to mind images of hot metal being poured and forged. "CiXX is one of our signature aesthetics that is a direct link to our company name and background in foundries," says Sonoma Forge president, Erik Ambjor. "It's unique in the market, offering a fresh rustic alternative to what's currently trending."

CiXX faucets come in wall and deck mount configurations and are available with **Sans Hands Sensor Faucet Technology by Sonoma Forge**. A suite of coordinating bath accessories, including decorative hardware, towel holders, mirror, and more round out the collection. CiXX is also available in special order finishes.

List price for the CiXX deck mount short lavatory faucet is \$1,450. The tall deck mount is \$1,600. CiXX wall mount lavatory faucet lists for \$1,450.

About Sonoma Forge

Sonoma Forge is rooted in a rich history of foundries where craftsmen hand forge metals.
