

Sonoma Forge

American-Made Luxury in The Bath

The Brut Collection pays homage to our surroundings in Sonoma Valley and the familiar scenes of laboring in the vineyards & wineries, followed at the end of the day with a rewarding glass of sparkling wine. Its lines soften the rough edges of raw plumbing parts with elegance and ease and a restrained style. Choose the Waterfall spout (shown), Elbow spout, or Cap spout. Tall and short models. Shown in Rustic Nickel, also comes in Satin Nickel, Rustic Copper, and Oil-Rubbed Bronze. Coordinated accessories. Made in America.
