

Sonoma Forge

*Expands Finish Options For
Industrial-Yet-Modern Strap
Lavatory Faucets*

Inspired by humble U-bolt fasteners, the Strap delivers strength and simplicity for a sleek, urban vibe

The Strap is now available in five mono finishes, for a softer, sleeker look. They are; Matte Black, Polished Chrome, Satin Nickel, Satin Brass (shown), or Brushed Bronze. The original split finish combines Satin Black and Satin Nickel for a more robust, muscular feel. The Strap comes in deck-mount and wall-mount widespread lavatory faucets and tub fillers, concealed shower systems and coordinated accessories.
