

Sonoma Forge

Rising a statuesque 16¼ inches, the Brut Kitchen faucet with Pull-Out Hand-Spray makes a strong design statement. The Elbow spout swivels with a reach of 9¾ inches—great for larger sinks, and a hidden button on the pull-out activates the dual spray feature. From country farmhouses to urban lofts, the Brut pull-out looks right at home in Rustic Copper, Rustic Nickel, Oil-Rubbed Bronze, Satin Nickel (shown) or Matte Black. To complete a Brut kitchen suite, choose a matching point-of-use faucet & air gap (both shown), a Brut Prep faucet and more matching accessories. Also see our signature bath Collections, including the iconic WaterBridge exposed shower sets. Forged in America.
